The screenshot shows an iOS 'New Event' form. At the top, there are three buttons: 'Cancel' (red), 'New Event' (black), and 'Add' (red). Below these is a text field containing 'Dinner' and another text field containing 'Chez iOS' with a location icon. An 'All-day' toggle switch is currently off. The 'Starts' section is highlighted with an orange border and shows a date picker for 'Aug 15, 2018' at '6:30 PM'. The date picker is a scrollable table with columns for day of the week, date, and time. The selected date is 'Wed Aug 15' at '6:30 PM'. Below the date picker are fields for 'Time Zone' (Cupertino), 'Ends' (7:30 PM), 'Repeat' (Never), and 'Travel Time' (None).
